Quarter 1 Extra Credit Writing Prompt (10 points)

Under the Every Student Succeeds Act (ESSA) that was passed in 2015, music is to be considered part of a "well-rounded education" and should be available to all students K-12. It suggests Music is a core subject and should be treated as such. Do you think Music should be required for all students in Middle School? Why or why not?

In at least 2 full, well-developed paragraphs, discuss the pros and cons of requiring that all students take music in Middle School. Make sure you use correct spelling, grammar, paragraph development, and punctuation, just like you would do in Language Arts.
